

You're Invited to...

AMERICA'S EVERGLADES

Construction Symposium and Exhibition

October 13, 2006

The South Florida Water Management District will host its second annual Acceler8 Construction Symposium and Exhibition on Friday October 13, 2006 at Florida Gulf Coast University, in the Alico Arena.

This all-day event for construction contractors, specialty contractors, vendors and work-force development agencies will provide information on the \$1.8 billion construction program for Acceler8, a group of eight fast-tracked projects needed for Everglades restoration.

Construction on these projects has already begun, but contractors and workers continue to be needed through 2010. The symposium will provide details on the pre-qualification process for all Acceler8 contracts.

Acceler8 is a major boost for Everglades restoration. It reaffirms the commitment of the federal/state/local partnership to revitalize the ecosystem by stepping up the pace on eight restoration projects. For more information, please visit www.evergladesnow.org.

When: Friday, October 13, 2006 (8 AM until 3 PM)
Where: Florida Gulf Coast University, in the Alico Arena.

Display booths are available for vendors, contractors, specialty subcontractors, and work force development agencies. Please call for details. Join us to restore America's Everglades.

Registration is required to attend. Please fill out the attached application today and fax to 954-771-7690.

(you may register the day of the event).

Call today if you would like to take part as an exhibitor in this important event!
